

## Meet Our Team

Our team—attorneys & legal professionals, clinicians, claims specialists, and AI engineers—drives revenue recovery for over 1,000 healthcare providers, including 12 of the nation's 15 largest health systems.

## Transformative AI Tech and Next-Level RCM Expertise

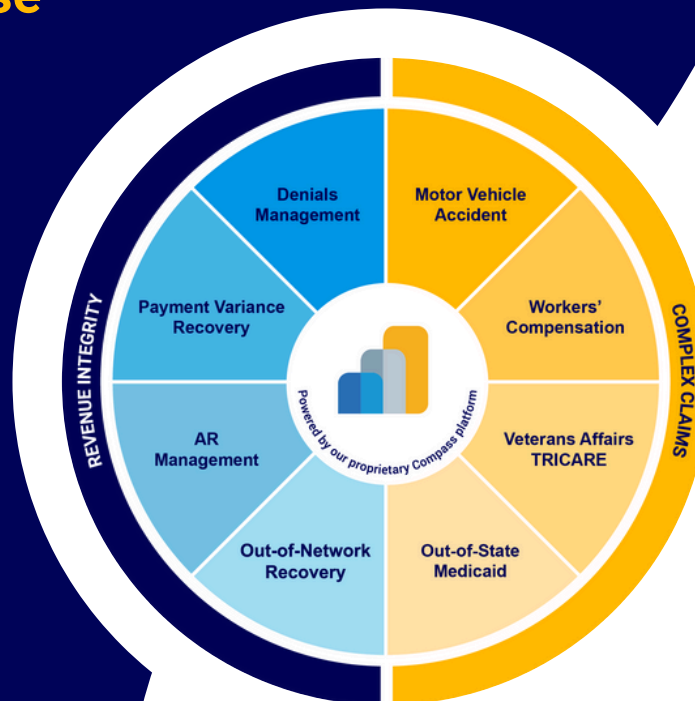

Three decades of excellence in healthcare revenue cycle management means Aspirion understands your reimbursement challenges.

### Our Unique Position

By bringing together cutting-edge artificial intelligence (AI), automation, and deep human expertise, we're helping to create a future where providers get paid accurately, quickly, and transparently for their care.

### Our Competitive Advantage

- We invest heavily in advanced technologies
- We utilize a single RCM proprietary workflow technology to increase staff efficiency
- We staff higher-skilled resources—all US based
- We don't cherry-pick claims—we work them all

## Our Proven Success\*

97%+ Client Retention Rate

# Aspiron Awards & Excellence

## HITRUST® Risk-based, 2-year (r2) Certified

Aspiron earned its second consecutive HITRUST Risk-based, 2-year Certification, demonstrating our commitment to rigorous compliance and security standards.

Aspiron has been a collaborative partner in fighting denials. As an extension of our team they have overturned denials and recouped millions of dollars we would have otherwise written off as a loss.

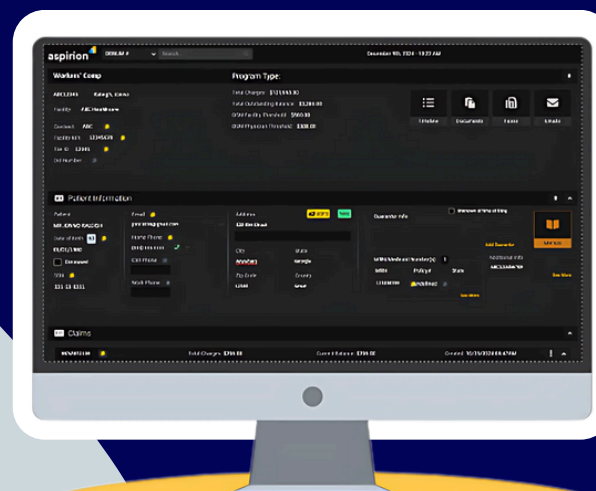

*Revenue Cycle Leader, Large Healthcare System*

## Meet Compass

Advanced Automation, Better Results

Compass, our proprietary RCM platform, uses advanced automation and AI to maximize revenue recovery—from medical record analysis to evidence-backed appeals generation.

**\$6B+ in Client Recoveries | 1.5-3.0x Typical Client-Realized Increase**

## 2024 & 2025 Best in KLAS Denials Management Services

Aspiron has earned KLAS Research's top Denials Management award two years running, proving our excellence in revenue recovery.

## 2024 Inc. 5000 List Fastest Growing Private Companies

Aspiron earned a spot on the 2024 Inc. 5000 list for its revenue growth from 2020-2023 as an independent, US-based private company.
