

Out-of-State Medicaid

Complex Claims

Break through billing barriers—
get paid what you're owed

Get Paid Faster With Less Hassle

Managing Medicaid claims across states is tough! Each state has different rules, and keeping up with provider credentials can be overwhelming.

We've got you covered. Our experts take care of everything nationwide—from billing to appeals to credentialing—for faster payments and compliance.

Advanced Proprietary Technology

Compass, our intelligent platform, streamlines processes and accelerates your payments.

Dedicated Account Management

Your dedicated director aligns with our attorneys, clinicians, and specialists to maximize reimbursement.

Expert Provider Credentialing

Comprehensive management of facility and physician enrollment across all state Medicaid and MCO plans.

Medicaid & HMO Claims Education

Specialized training focused on accurate execution of billing guidelines across all programs.

Claims Investigation & Authorization

We drive first-pass claim acceptance to accelerate payments and optimize revenue capture.

Insurance Verification Specialists

Experts in all state requirements and fee schedules, maximizing compliant Medicaid and MCO revenue.

"Aspirion has been super generous in their fee structure because they know the financial restraints that healthcare organizations are up against. They have also been so generous in their time to implement. They are doing R&D to make things more automated and easier for patients and hospitals. They are adding technology to make the speed of acquiring complex claims revenue much faster."
