

Out-of-State Medicaid Claims Management

Aspirion's end-to-end approach successfully tackles the complexities of out-of-state Medicaid revenue recovery and strengthens the AR cycle.

Why Choose Us

We have extensive knowledge of all out-of-state payers, managed care organizations, and care plans. Our knowledge combined with efficient processes and automation results in a typical **appeal approval rate of 95+ percent**.

"For 9 years, Aspirion has helped us collect on our out-of-state Medicaid claims. We had one very difficult claim from California that took over two years to resolve. The Aspirion team worked relentlessly on our behalf until we were paid what was due, a high dollar payment, at that. **Aspirion continues to be a true partner in all of our billing and enrollment needs for out-of-state Medicaid.**"

Kathy Lonidier, Director Hospital Revenue Cycle
Ochsner Health System

Cost Savings

All costs to collect are inclusive of our OSM contingency fees. It's just that simple—we only get paid when you get paid.

Expertise

We're experts in the nuances of Medicaid programs across all 50 states. From complex state-specific regulations to tedious credentialing and billing practices, our specialized team manages it all.

Speed-to-Recovery

Our proprietary technology streamlines electronic claims submissions to accelerate revenue recovery through flexible & scalable workflows while delivering 24/7 visibility into our performance.
